

*"FINDING THE SUPERPOWERS IN ALL ABILITIES"*

## **Volunteer Role Description**

The volunteer's role is to support all Heroes during activities which includes assisting with the facilitation of the Heroes engagement and success during activities.

In addition to physical support, volunteers also function in a "unified" role, participating alongside Heroes in an effort to facilitate engagement, camaraderie and friendship.

Volunteers must keep heightened awareness for various needs that require support, such as, but not limited to, money, time and personal possession management.

Volunteers will also play a role in facilitating problem solving.

Volunteers that donate their time, while their child/Hero is participating, must remember that they are responsible for assisting all Heroes.

Upon the conclusion of an activity, volunteers must remain until all Heroes are picked up, so as to ensure the safe departure of all participants.
